It is respectfully requested that serious consideration be given to the cancellation of film showing by Art Film Club on Monday, November 14. The film "The Birth of a Nation", is a controversial item that offends a very important part of our population. There is no question as to your right to grant permission for the showing of any film. However, good judgement at this time should consider the feelings of so many of the people of this area.

Sincerely,

Daniel S. Anthony,
Executive Director
